

OFFERTA DI TIROCINIO CURRICULARE - T33

Sede: Ancona

Link sito: www.t33.it

Breve descrizione dell'azienda

The t33 team is deeply immersed in the cycle of EU programmes. We provide evaluations, studies, capacity building solutions. So far, most experience has been in territorial policies, financial instruments, administrative simplification and indicators in the framework of EU Cohesion Policy. Fifteen years of evaluating regional, national, cross-border and transnational EU programmes have been a great opportunity to investigate how territories benefit from the EU and to apply innovative evaluation techniques. Offering services to the European Commission, the European Parliament, the European Committee of the Regions has increased our capacity to generate and share knowledge on EU policies and programmes. More recently, t33 data management projects help improve the European Commission's capacity to monitor programme performance. The core t33 team has 25 experts from five countries, speaking 8 languages and with a good balance of senior and junior experts. Our main clients include the European Commission, the EU Committee of the Regions, the European Parliament, as well as national and regional authorities which manage EU-funded programmes.

Breve descrizione dell'offerta

Internships in the field of the EU cohesion policy. Interns are trained to work on applied quantitative and qualitative analyses, supporting project managers in the delivery of their reports and studies to EU institutions and national/regional governments.
